Beaumont Technologies Molding Genius Software

End User License Agreement

The Molding Genius methodology and software is designed to help identify and correct the root causes behind filling imbalances within multi-cavity injection molds. Injection molders of any type, size, or location are encouraged to utilize this software to help them streamline the process of correcting for filling imbalances that commonly happen during injection molding.

This Beaumont Technologies, Inc. (Beaumont) End-User License Agreement ("EULA") is a legal agreement between you (either an individual, single entity, or corporation) and Beaumont, its distributors and representatives for the software product, which includes computer software and may include associated media, printed materials, and electronic documentation ("software product"). The software product also includes any updates and supplements to the original software product provided to you by Beaumont. Any software provided along with the software product that is associated with a separate end-user license agreement is accessible to you under the terms of that license agreement. By installing, copying, downloading, accessing or otherwise using the software product, you agree to be bound by the terms of this EULA. If you do not agree to the terms of this EULA, do not utilize this software product.

SOFTWARE PRODUCT LICENSE

The software product is protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties.

1. GRANT OF SUBSCIPTION. This EULA grants you the following rights:
   • This software product is free to subscribe and use for an individual and/or companies benefit. If you paid for the use of the standard software product please contact Beaumont to have this remedied.
   • Storage/Network Use. You may also store or install a private copy of the software product on a storage device, such as a network server, used only to install or run the SOFTWARE PRODUCT on your other computers over an internal network; however, this option carries a fee that will be agreed upon separately from the EULA. Details need to be worked out with Beaumont for this private version of the software.
   • The use of said software product is non-exclusive.

2. DESCRIPTION OF OTHER RIGHTS AND LIMITATIONS.
   • Software product Not for Resale.
   • Limitations on Reverse Engineering, Decompilation, and Disassembly. You may not reverse engineer, decompile, or disassemble the software product, except and only to the extent that such activity is expressly permitted by applicable law or approval by Beaumont notwithstanding this limitation.
   • Separation of Components. The software product is licensed as a single product. Its component parts may not be separated for use
   • You may not rent, lease or lend the software product.
